MESSAGE: Release Daniel Pye from Jacmel Prison immediately!

American sentiment is growing rapidly against Haiti with the unjust imprisonment of Daniel Pye in the Jacmel Prison since October 13, 2010. Daniel and his wife love and have served the people of Haiti for 7 years. US national media networks and global media outlets are becoming involved and negative American sentiment will drastically impact future support for Haiti. Release Daniel Pye as a humanitarian gesture to the global community.

I respectfully, but urgently ask that you honor my request with the immediate release of Daniel Pye and officially escort him on the earliest flight out of PAP back to Miami, Florida, United States of America.

Signed: _____

American Citizen for the Release of Daniel Pye
